

# Inclusion Health Day 2025

## Overview

Our 11<sup>th</sup> Inclusion Health Education Day will focus on the challenges faced when addressing the health and support needs of people in the Inclusion Health groups. We will hear from a wide range of speakers, including those with lived experience, those undertaking research, and those designing and delivering services.

This event, produced in collaboration with Pathway and the Faculty of Homeless and Inclusion Health, provides an excellent learning and networking opportunities.

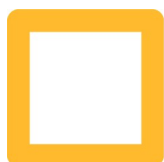

## Topics

Our programme will include a range of topics and presenters to stimulate reflection, discussion and progress in Inclusion Health.

With input from recognised leaders in their fields and experts by experience, delegates will have time for discussion, reflection and networking.

### Topics to include:

**Designing Inclusion Health Services**  
**Overcoming challenges**  
**Elements of a successful business case**  
**Undertaking research**  
**Inclusion Health Education**

**Faculty**
