Overview

This is a one day Diabetic update workshop for Clinicians. It is aimed at GPs, Practice Nurses and Nurse Practitioners.

A light lunch and refreshments will be provided.

Topics

The aim of this workshop is to bring primary care clinicians up to date with the latest developments in Diabetes care. It will cover the following topics, delivered by specialists in the field:

- Introduction to Pathophysiology and Diagnosis of Diabetes
- Podiatry and the Diabetic Foot
- Latest Dietetics, Dietary Advice and Lifestyle
- Latest on Oral Agents and Newer Insulin Treatments
